ARTICLE 7.

Legislative Services Commission.

§ 120-31. Legislative Services Commission organization.

(a) The Legislative Services Commission shall consist of the President pro tempore of the Senate, six Senators appointed by the President pro tempore of the Senate, the Speaker of the House of Representatives, and six Representatives appointed by the Speaker of the House of Representatives. The President pro tempore of the Senate, and the Speaker of the House shall serve until the selection and qualification of their respective successors as officers of the General Assembly. The initial appointive members shall be appointed after the date of ratification of this Article and each shall serve for the remainder of his elective term of office and until his successor is appointed or until he ceases to be a member of the General Assembly, whichever occurs first. § 120-32.02. Legislative commissions' and committees' employees and consultants.

(a) In the construction of a statute creating, continuing, or modifying a commission or committee whose funds are appropriated or transferred to the General Assembly or to the Legislative Services Commission for disbursement, unless that construction would be inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute, the creation, continuation, or modification of the commission or committee shall not be construed as a grant of authority to the commission or committee to hire its own employees or to contract for consultant or other services.

(b) Notwithstanding any other provision of law, a commission or committee whose funds are appropriated or transferred to the General Assembly or to the Legislative Services Commission for disbursement and which has the power to contract for consultants or hire employees, or both, may contract for consultants, or hire employees, or both, only upon the prior approval of the Legislative Services Commission. A contract for employment or consultant services by such a commission or committee is void and unenforceable unless approved by the Legislative Services Commission prior to the contract being entered into.

(c) This section shall not apply to contracts of employment or for consultant services for standing or select committees of either house of the General Assembly, or subcommittees thereof, which shall be entered into by either the Speaker of the House or the President Pro Tempore of the Senate, as appropriate, and governed by the provisions of G.S. 120-35. § 120-32.02. Legislative commissions' and committees' employees and consultants.

(a) In the construction of a statute creating, continuing, or modifying a commission or committee whose funds are appropriated or transferred to the General Assembly or to the Legislative Services Commission for disbursement, unless that construction would be inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute, the creation, continuation, or modification of the commission or committee shall not be construed as a grant of authority to the commission or committee to hire its own employees or to contract for consultant or other services.

(b) Notwithstanding any other provision of law, a commission or committee whose funds are appropriated or transferred to the General Assembly or to the Legislative Services Commission for disbursement and which has the power to contract for consultants or hire employees, or both, may contract for consultants, or hire employees, or both, only upon the prior approval of the Legislative Services Commission. A contract for employment or consultant services by such a commission or committee is void and unenforceable unless approved by the Legislative Services Commission prior to the contract being entered into.

(c) This section shall not apply to contracts of employment or for consultant services for standing or select committees of either house of the General Assembly, or subcommittees thereof, which shall be entered into by either the Speaker of the House or the President Pro Tempore of the Senate, as appropriate, and governed by the provisions of G.S. 120-35. The Legislative Services Officer shall have filed a copy of the rules, certified by the chairman of the Legislative Services Commission, in the office of the Secretary of State and in the office of the Clerk of the Superior Court of Wake County. When so posted and filed, these rules shall constitute notice to all persons of the existence and text of the rules. Any person, whether on his own behalf or for another, or acting as

an agent or representative of any person, firm, corporation, partnership or association, who knowingly violates any of the rules adopted, posted and filed under the authority of this section is guilty of a Class 1 misdemeanor. Any person, firm, corporation, partnership or association who combines, confederates, conspires, aids, abets, solicits, urges, instigates, counsels, advises, encourages or procures another or others to knowingly violate any of the rules adopted, posted and filed under the authority of this section is guilty of a Class 1 misdemeanor.

(c) The Legislative Services Commission may cause to be removed at the owner's expense any vehicle parked in the State legislative buildings and grounds in violation of the rules of the Legislative Services Commission and may cause to be removed any vehicle parked in any State-owned parking space leased to an employee of the General Assembly where the vehicle is parked without the consent of the employee to whom the space is leased.

(d) For the purposes of this section, the term "State legislative buildings and grounds" means:

Before exercising the duties of a special policeman, each State Legislative Building security officer shall take an oath before some officer empowered to administer oaths, and the oaths shall be filed with the Clerk of Superior Court of Wake County. The oath of office shall be as follows:

"State of North Carolina, Wake County.

"I,, do solemnly swear (or affirm) that I will well and truly execute the duties of special policeman in the State Legislative Building and other buildings and grounds subject to the jurisdiction of the Legislative Services Commission, according to the best of my skill and ability and according to law; and that I will use my best endeavors to enforce all rules and regulations of the Legislative Services Commission concerning use of those buildings and grounds. So help me, God.

"Sworn and subscribed to before me, this the day of, A.D."

(1975, c. 145, s. 2; 1981, c. 772, s. 6.)

§120-32.4. Subpoena and contempt powers.

The provisions of G.S. 120-19.1 through 120-19.4 shall apply to the proceedings of the Legislative Services Commission as if it were a joint committee of the General Assembly. (1977, c. 344, s. 5.)

§ 120-32.4. Subpoena and contempt powers.

The provisions of G.S. 120-19.1 through 120-19.4 shall apply to the proceedings of the Legislative Services Commission as if it were a joint committee of the General Assembly. (1977, c. 344, s. 5.)

§ 120-32.5. Leave for temporary employees.

Temporary part-time or full-time employees of the General Assembly who have four years of aggregate employment with the General Assembly (temporary or permanent) shall receive the same holidays, vacation leave, and sick leave as permanent part-time or full-time employees of the General Assembly respectively, or as may be determined by the Legislative Services Commission. (1983, c. 923, s. 217.)

§ 120-33. Duties of enrolling clerk.

(a) All bills passed by the General Assembly shall be enrolled for ratification under the supervision of the enrolling clerk.

(b) Prior to enrolling any bill, the enrolling clerk shall substitute the corresponding Arabic numeral(s) for any date or section number of the General Statutes or of any act of the General Assembly which is written in words. The enrolled bill shall have the word "RATIFIED" following the bill number.

(c) All bills shall be typewritten and carefully proofread before enrollment.

(d) Upon ratification of an act or joint resolution, the enrolling clerk shall present one true ratified copy:

- (1) To the Governor of any act except acts not required to be presented to the Governor under Article II, Section 22 of the Constitution of North Carolina; and
- (2) To the Secretary of State of:
 - a. Acts not required to be presented to the Governor under Article II, Section 22 of the Constitution of North Carolina; and
 - b. Joint resolutions.

In the case of any bill presented to the Governor, the enrolling clerk shall write upon the bill the time and date presented to the Governor.

(d1) The enrolling clerk shall present to the Secretary of State one true ratified copy of:

- (1) Any bill which has become law with the approval of the Governor as provided by G.S. 120-29.2(a);
- (2) Any bill which has become law without the approval of the Governor as provided by G.S. 120-29.2(b); and
- (3) Any bill which has become law notwithstanding the objections of the Governor, as provided by G.S. 120-29.2(c).

(e) Repealed by Session Laws 1995, c. 20, s. 1, effective January 1, 1997, contingent on approval of constitutional amendments.

(f) The enrolling clerk upon completion of duties after each session shall deposit the original bills and resolutions enrolled for ratification with the Secretary of State. (1969, c. 1184, s. 3; 1995, c. 20, s. 1.)

§ 120-34. Printing of session laws.

(a) The Legislative Services Commission shall publish all laws and joint resolutions passed at each session of the General Assembly. The laws and joint resolutions shall be kept separate and indexed separately. Each volume shall contain a certificate from the Secretary of State stating that the volume was printed under the direction of the Legislative Services Commission from ratified acts and resolutions on file in the Office of the Secretary of State. The Commission may publish the Session Laws and House and Senate Journals of extra and special sessions of the

General Assembly in the same volume or volumes as those of regular sessions of the General Assembly. In printing, the signatures of the presiding officers and the Governor shall be omitted.

The enrolling clerk or the Legislative Services Office shall assign to each bill that becomes law a number in the order the bill became law, and the laws shall be printed in the Session Laws in that order. The number shall be preceded by the letters "S.L." followed by the calendar year it was ordered enrolled, followed by a hyphen and the sequential law number. Laws of Extra Sessions shall so indicate. In the case of any bill required to be presented to the Governor, and which became law, the Session Laws shall carry, below the date of ratification, editorial notes as to what time and what date the bill became law. In any case where the Governor has returned a bill to the General Assembly with objections, those objections shall be printed verbatim in the Session Laws, regardless of whether or not the bill became law notwithstanding the objections.

(b) All index references with respect to the session laws shall refer to the Chapter numbers of such laws in lieu of page numbers, and all index references to resolutions shall refer to the resolution numbers of the resolutions in lieu of page numbers, to the end that the indexes shall thereby be made consistent with the index to the General Statutes which refers to the section numbers and not to page numbers.

(c) There shall be printed not more than 2,500 volumes of the session laws and 600 volumes of the journals of each house of each session of the General Assembly, all of which shall be bound, and delivered to the Secretary of State for distribution by him under the provisions of G.S. 147-45, G.S. 147-46.1, G.S. 147-48 and other applicable statutes. (1969, c. 1184, s. 4; 1971, c. 685, s. 1; 1983 (Reg. Sess., 1984), c. 1034, s. 179; 1995, c. 20, s. 12.)

Expenses for the operation of the Senate shall be paid upon authorization of the President pro tempore of the Senate. Expenses for the operation of the House shall be paid upon authorization of the Speaker of the House. (1969, c. 1184, s. 5; 1971, c. 1200, s. 6.)

§120-36. Legislative Services Officer of the General Assembly.

(a) The Legislative Services Officer of the General Assembly shall be appointed by and serve at the pleasure of the Legislative Services Commission, and his compensation shall be fixed by the Legislative Services Commission.

(b) The Legislative Services Officer of the General Assembly shall perform such duties as are assigned to him by the Legislative Services Commission and shall be available to the Legislative Research Commission to provide such clerical, printing, drafting, and research duties as are necessary to the proper functions of the Legislative Research Commission. (1969, c. 1184, s. 6.)

INTRODUCTION

This Manual provides information to the members of the General Assembly on arrangements which the Legislative Services Commission has made for various legislative services. The Manual was originally prepared for use during the 1973 General Assembly; it is completely revised each biennium and is supplemented as necessary for the legislative sessions within the biennium. The basic statutory authorization for the Legislative Services Commission is set out beginning on page 1 of this Manual.

The Legislative Services Commission was established by statute in 1969 to provide a continuing structure through which decisions concerning legislative services may be made and implemented. The Commission consists of the President Pro Tempore of the Senate, six Senators appointed by him, the Speaker of the House of Representatives, and six Representatives appointed by him. Upon the convening of each regular biennial legislative session, the newly elected President Pro Tempore and Speaker may appoint new members to the Commission at any time. The Legislative Services Officer serves as chief staff officer for the Commission.

If you have criticisms or suggestions as to the plans and procedures set out in this Manual, please communicate them to the President Pro Tempore (919-733-6854), the Speaker (919-733-3451), or to the Legislative Services Officer (919-733-7044) who will transmit them to the Commission.

[For purposes of this Manual, "session" means the period in which the General Assembly meets regularly upon day-to-day adjournment; it does not include the interim period between portions of the biennial session.]

LEGISLATIVE PAY AND ALLOWANCES

All salary, expense allowance, travel allowance, and subsistence amounts referred to in this section are effective January 1, 1997 and are set forth in NC General Statutes 120-3 and 120-3.1.

Salary: The Speaker of the House of Representatives and the President Pro Tempore of the Senate receive a salary of \$38,151 per year. The Speaker Pro Tempore of the House and the Deputy President Pro Tempore of the Senate receive a salary of \$21,739 per year. The majority and the minority leaders of both houses each receive a salary of \$17,048 per year. All other members of the General Assembly receive an annual salary of \$13,951. The salaries are payable monthly. Because the salary of a legislator is set by Statute our Disbursing Office cannot honor a request by a member to withhold a portion of his/her salary.

When the General Assembly is in session, the salary checks/automatic deposit advices are placed in the legislators' mailboxes in the Mail Rooms (Room 2 in the basement of the State Legislative Building or in Room 102 of the Legislative Office Building) on the last workday of each month. When the General Assembly is not in session, the salary checks/automatic deposit advices are mailed on the next to the last working day of each month to the legislator's home district mailing address.

Terms of newly elected legislators begin on January 1 of odd-numbered years, and salaries begin as of that same date.

State and federal income taxes, social security, and retirement are deducted from the monthly salary checks. Payments to legislators cannot commence until the necessary withholding forms are completed.

Expense Allowance: The Speaker of the House of Representatives and the President Pro Tempore of the Senate receive a \$1,413 per month expense allowance. The Speaker Pro Tempore of the House and the Deputy President Pro Tempore of the Senate receive a \$836.00 per month expense allowance. The majority and minority leaders of both houses each receive a \$666.00 per month expense allowance. All other legislators receive an expense allowance of \$559.00 per month.

This allowance is paid both during sessions and between sessions, without the legislators having to file any record of expenses. The allowance is provided to cover legislative expenses the legislator may have that are not paid for by the General Assembly.

The expense allowance is paid at the same time and in the same manner as is the legislative salary. The two payments -- salary and expense allowance -- are combined in a single check each month. The expense allowance is subject to State and federal income tax, social security, and retirement.

In-Session Subsistence Allowance: During the time the General Assembly is actually in session, each legislator receives a subsistence allowance of \$104.00 per day. This amount is paid for each calendar day of the session (seven days per week, or a total of \$728.00 per week for each full week of the session). Subsistence paid to legislators who reside 50 or fewer miles from the State Capitol is taxable for federal, state, and social security taxes.

It is not necessary that the legislator file a claim or submit any record of expenses in order to receive this allowance during the session. If a legislator wishes not to be paid for a particular day or days of the session, the Disbursing Office must be notified in writing of this fact.

The subsistence and travel allowance is paid by check placed in the legislator's mailbox every Thursday. The period covered by this check will be the previous week's subsistence through the Thursday on which it is paid.

In-Session Travel Allowance: During sessions of the General Assembly, each legislator receives a weekly travel allowance amounting to 29 cents per mile for one round trip from home to the Legislative Building in Raleigh and return. This allowance is paid each week regardless of the number of actual trips made. The travel allowance is paid each Thursday and is included with the weekly in-session subsistence allowance. All travel allowance paid to legislators who reside 50 or fewer miles from the State Capitol is taxable for federal, state, and social security taxes. If a legislator chooses not to be paid for travel for a particular period, the Disbursing Office must be notified in writing of this fact.

Interim Travel and Subsistence Allowance: Between sessions a legislator may travel as a representative of the General Assembly or its committees or commissions. Such travel may be to a meeting in Raleigh or in some other in-State city, or it may be to attend an out-of-state meeting. If the legislator expects to receive any subsistence or travel allowance for such travel, he must obtain the prior approval of the Legislative Services Commission. The chairman of a committee that wishes to meet in North Carolina may obtain the approval for the entire committee. If granted, individual committee members need not then obtain individual approval for that meeting.

In the absence of this kind of group approval, or if a meeting is to be held out of state, prior approval must be obtained by each legislator who wishes to attend. Requests for approval are made directly to the President Pro Tempore (for Senate members) or Speaker (for House members) and those offices will transmit an approved copy of Form GA-2, travel authorization, to the legislator. When the travel is performed, the legislator should deliver this form, together with the statement as to travel performed, hotel receipts, parking receipts, toll receipts, common-carrier ticket receipts, taxicab receipts, and personal automobile mileage to the office of the President Pro Tempore (for Senate members) or the Speaker's office (for House members). A subsistence allowance of a flat \$104.00 per day, regardless of actual expenses, is authorized by statute for in-State travel. A member who is authorized to travel to a high-rate geographical area outside of North Carolina may elect to receive in lieu of the \$104.00 subsistence allowance, a subsistence allowance for meals of \$26.00 per day and a subsistence allowance for lodging of actual lodging expenses not to exceed that allowed for high-rate geographical areas as designated by the Federal General Services Administrator and published at 58 Federal Register, 67950-67964 (Dec. 22, 1993) and at 59 Federal Register 23702-23709 (May 6, 1994), a copy of which is in the Legislative Services Office.

When the appropriate office receives the necessary documents and information, it will prepare the appropriate travel reimbursement form and forward it to the Disbursing Office for payment.

Interim Standing Committee Meetings: Legislators receive no additional salary for attending interim committee meetings. Members of a committee who attend an officially scheduled committee or subcommittee meeting are entitled to receive \$104.00 per day subsistence plus 29 cents per mile for miles actually traveled.

The committee clerk submits to the Disbursing Office a committee reimbursement form signed by the legislator indicating the appropriate number of days for which payment is requested plus the number of miles traveled. The Disbursing Office combines all of the entries for each legislator and issues the appropriate check. It

is not necessary that the legislator file a detailed expense accounting, as a flat subsistence allowance of \$104.00 per day will be paid regardless of actual expenses.

PAYROLL FORMS

Before any payments can be made, the legislator must execute certain payroll forms. After the general election and upon certification of election by the Secretary of State, all General Assembly members should have received from the Legislative Services Office a packet that contained the following forms:

1. Combined form for mileage, Federal Internal Revenue Service Form W-4, and North Carolina Department of Revenue Form NC-4 (Employee's Withholding Exemption Certificates). The member should fill out each of the forms and sign each (a total of three signatures being required on the single-sheet document).
2. Employee Payroll Data Form--contains vital information necessary for payroll as well as vital emergency information.
3. Automatic Deposit Form--for automatic deposit of the member's monthly pay check. A preprinted checking or savings account deposit slip or a voided check must be attached to the form if the member chooses to participate in direct deposit.
4. Legislative Retirement Enrollment Form--for enrollment in the Legislative Retirement System. All members of the General Assembly automatically become members of the Legislative Retirement Plan (unless the member is contributing to another State-administered retirement system) and the contribution to the retirement plan is deducted from the monthly salary check. The deduction is 7% of the member's salary. Members should complete the form designating beneficiaries in parts I and II. (For further information on the Legislative Retirement System, see section under Benefits).
5. Health Insurance Enrollment Form--for enrollment in one of the available health insurance plans. (For further detail on the health insurance benefits, see section under Benefits). If a member chooses not to participate in either of the available plans, a denial form must be submitted.
6. Dental Insurance Enrollment Form--for enrollment in the available dental insurance plan. (For further detail on the dental insurance plan, see section under Benefits). If a member chooses not to participate in the dental plan, a denial form must be submitted.

BENEFITS

Legislative Retirement System: The Legislative Retirement System is part of the package of benefits available to members of the General Assembly. A contribution of 7% of the monthly salary is deducted from the monthly salary check and expense allowance check is tax deferred until the member retires with the General Assembly. In addition, the State contributes 24.58% of the monthly salary and expense allowance. All members of the General Assembly are eligible for membership provided they are not contributing to any other State-administered retirement system. Those members participating in another State-administered retirement system or are State retired *must* advise the Disbursing Office of this fact.

Benefits of the Legislative Retirement System are explained in the booklet entitled "Your Retirement System" which is provided. Further details of all retirement benefits such as service retirement, early retirement, disability retirement, and the death benefit are provided in the handbook. The death benefit protects a beneficiary if the member dies while a contributing member of the General Assembly and before the member is eligible for retirement. The death benefit payment equals the member's highest annual salary as a member of the General Assembly, not to exceed \$15,000, after completion of one year of creditable service. A copy of the handbook should be kept with other important records as it contains important information concerning this benefit.

Health Insurance: Members of the General Assembly are eligible to enroll in one of the health insurance plans offered by the State. At the present time, the available plans are (1) the State Health Plan administered by Blue Cross-Blue Shield, (2) Kaiser HMO, (3) PruCare HMO, (4) Health Source (formerly Carolina Physicians Health Plan), (5) Maxicare, (6) Partners, (7) Physicians Health Plan, (8) Blue Cross and Blue Shield of NC Personal Care Plan (PCP), (9) CIGNA, (10) Doctors' Health Plan, (11) Optimum Choice, (12) Qualchoice; and (13) Wellpath . All members are eligible for the State Health Plan and any member residing/working in the areas for which service is offered for either of the twelve HMOs are eligible for an HMO plan.

The State will pay the total individual premium cost for the State Health Plan (\$144.60) or that same amount (\$144.60) toward the cost of an individual premium if an HMO is chosen. Enrollment in either health insurance plan will be through completion of an enrollment application. Other family members may be covered under either plan with the additional cost being payroll deducted from the monthly salary check. Unless the member notifies the Disbursing Office to do otherwise, the deduction made from the salary check for family coverage will be tax deferred.

Coverage under either plan will begin on February 1, 1997, if the necessary enrollment form was completed by the due date. Payroll deduction for additional family members will be made from the January salary check for coverage beginning February 1, 1997. Members or any eligible dependents who enroll after January 31, 1997, may be subject to a 12-month waiting period for preexisting conditions.

General Assembly members who are State retired must be enrolled in the active legislators' group while serving as a member of the General Assembly. If you are State retired, please notify the Disbursing Office so that your health insurance can be properly coordinated.

The health insurance coverage will continue as long as the member remains a member of the General Assembly. If for some reason (other than retirement) membership in the General Assembly does not continue, continuation of the health insurance is offered on a group basis through the Former Legislators' Group. There is no State contribution in that group; however, current rates and benefits at the time of continuation will be in effect.

Dental Insurance: Members of the General Assembly are eligible to enroll themselves and family members in the dental insurance plan offered through Blue Cross/Blue Shield with the member paying the full cost of the premium by payroll deduction. Coverage will begin on February 1, 1997, if the necessary enrollment form was completed by the due date. Because there is a 60-day enrollment period for the dental plan, if the enrollment form is not received in time for February 1 coverage, the member may still enroll in the dental plan with an effective date

of March 1 as long as the enrollment is within the 60-day enrollment period. If the member or eligible dependents do not enroll during the time specified, there is no provision to enroll at a later date unless an open enrollment period is offered.. At the present time, there is no continuation plan available for the dental insurance except through COBRA continuation.

401K: The Supplemental Retirement Income Plan of North Carolina (State 401K) is a tax-deferred investment program sponsored by the State of North Carolina and administered by Branch Banking and Trust Company. Unless the member is State retired, a deduction can be made from a member's monthly salary check for participation in this plan. Information on the plan and contact telephone numbers may be obtained from the Disbursing Office. If further information on the plan is required or if a member wishes to enroll in the plan, please contact Branch Banking and Trust Company, State 401K Section, directly at the telephone number listed in the brochure.

Deferred Compensation: The North Carolina Public Employee Deferred Compensation Plan is a means of deferring pretax dollars. The plan, created by State statute, is overseen by a Board of Trustees who has contracted with Public Employees Benefit Services Corporation (PEBSCO) to administer the plan. Deduction can be made from a member's salary check for participation in this plan to include State retirees. Information on the plan and contact telephone numbers may be obtained from the Disbursing Office. If further information on the plan is required or if a member wishes to enroll in the plan, please contact PEBSCO directly at 919-833-0063.

Excess Liability Insurance: Each member of the General Assembly is provided with \$1,000,000 of liability insurance at no cost to the member.

NC Flex Benefit Plan: Included in the Flex Benefit Plan is a dependent care program, a health care spending account program, a pre-tax dental plan and a discount vision care plan. The dependent care plan is a means of establishing an account to reimburse for eligible dependent care expenses on a tax-free basis. Through the convenience of payroll deduction, the Health Care Spending Account allows you or an eligible dependent that incurs expenses not covered by insurance, an HMO, or a health care plan to file a claim and be reimbursed tax-free from your account. The pre-tax dental plan, administered by American Dental Plan of NC, gives you the advantage of comprehensive dental coverage at a lower cost than an after-tax plan. With each of the plans, contributions can be deducted from a member's salary check before federal, state and social security taxes are computed. Effective January 1, 1997, there is a new voluntary vision plan which allows significant discounts on eyeglasses, contact lenses, and eye examinations. The plan is administered by Cole Vision Corporation and is available to you and your dependents at no cost. It requires you to use the vision care providers within its network in order to receive your discount. Enrollment in any of the plans must be completed by January 31, 1997 to be effective February 1, 1997. Contact the Disbursing Office (733-7500) for more information and applications.

Workers' Compensation: As a member of the General Assembly, a compensable injury sustained at work would be covered under the Workers' Compensation Act. An injury should be reported immediately to security. All questions pertaining to procedures in filing a Workers' Compensation claim should be directed to the Disbursing Office.

LEGISLATORS' OFFICES

Legislators' Offices: Each member of the General Assembly is assigned a private office and is free to use the office as he or she chooses. Office assignments are made for Senate members by the President Pro Tempore of the Senate and for House members by the Chairman of the Rules Committee. If the members wish to have furniture removed or added, they should so inform the Director of the Administrative Division (733-7500). The Legislative Services Commission has ruled that office furnishings and equipment may not be removed from the Legislative Building or the Legislative Office Building. The North Carolina General Assembly is not responsible for the loss or damage of personal items members place in their offices.

1. **Hanging pictures.** The walls of the individual offices in the Legislative Building are constructed of marble blocks. Nails driven carelessly into these walls cause large holes which cannot be properly repaired and result in defacing the office. Legislators who wish to hang a picture or other object on the wall of their offices should call Building Maintenance (733-3321) who will see that the necessary hangers are properly installed. Or you may wish to fax the request to 733-3113.
2. **Floor covering.** Rugs are not provided by the General Assembly for legislators' offices in the Legislative Building. Members of the General Assembly who wish to provide their own rugs may do so if the rug is of the area type and does not have to be fastened to the floor with adhesive or nails. Carpet padding should be omitted in the arc of the door swing to decrease the amount of the door to be cut off. If it is necessary to cut doors off for carpet clearance, please notify Building Maintenance at 733-3321.
3. **Doors.** Signs identifying legislators and their county of residence are provided for each office door. No other signs, maps, or other materials may be affixed to the outer side of an office door.

Office Keys: Legislators obtain office keys from the Security Office. If the legislator desires a key for his or her secretary, the secretary should go to the Security Office, State Legislative Building, to sign for the key. The secretary should return the key to the Security Office at the end of the session. A legislator who is not reelected for the next term should return his or her own key prior to January 1 next following the general election in November.

Each key to an office in the State Legislative Building will unlock the extreme right-hand door at the front of that building. Each key to an office in the Legislative Office Building will unlock the fire door (the extreme left-hand door) of that building's Lane Street entrance. Thus, members may have access to their offices at any day and hour. Each member's key also unlocks the far right-hand door of the Lane Street (bridge level) entrance of the Legislative Building and the middle door on the mall entrance (third floor) entrance of the Legislative Office Building thereby allowing members using the pedestrian bridge to have access to both the Legislative Building and the Legislative Office Building.

Use of Offices: The legislative office is for the use of the legislator and staff persons authorized by the legislator.

In order to avoid unpleasant incidents and to improve building security, when the legislative buildings are closed, building security personnel are instructed to evict from the legislator's office anyone (except for the legislator and his or her regular clerk) who does not have written authorization from the legislator to use the office after hours. Keys will be taken from unauthorized persons and returned to the legislator by security personnel.

PARKING

Members of the General Assembly are authorized to park in the following areas during sessions of the General Assembly:

1. Parking area under the Legislative Building.
2. Both sides of the portions of Lane Street, Jones Street, Wilmington Street, and Salisbury Street that surround the State Legislative Building.
3. Designated area in Lot 65 (in the lower level of the parking deck immediately behind the State Legislative Building).

During interim periods, General Assembly members are authorized to park in the parking area under the State Legislative Building, in the designated area in Lot 65 as indicated above, or on either side of Lane Street.

All parking is on a first come, first serve basis. There are no reserved parking spaces for General Assembly members except for the following: Speaker of the House, Speaker Pro Tempore of the House, President Pro Tempore of the Senate, Senate Deputy Pro Tempore, and Senate and House Majority and Minority Leaders.

For questions or assistance regarding parking, contact Howard Morris or any security officer at 733-2159.

ACCESSIBILITY OF STATE LEGISLATIVE COMPLEX

The State Legislative Building and Legislative Office Building are accessible to legislators as well as lobbyists, constituents, and visitors who may be disabled. Parking facilities, entrances to the buildings, elevators, and restrooms are designed to accommodate persons with disabilities. In addition, the Legislative Building Library has a TTY (919-715-6755). Auxiliary aids and services (interpreters, electric cart, assistive listening devices, etc.) can be provided if requested 72 hrs. in advance by calling Beverly Adams in the Legislative Services Office at 733-7044.

SECRETARIAL ASSISTANCE

Each committee chairman is entitled to a committee clerk, and each individual legislator is entitled to a private secretary. This clerk or secretary is situated in the committee chairman's suite or in the legislator's office. (In the interest of brevity, both clerks and secretaries are sometimes referred to as "clerks" in this Manual, and the feminine pronoun is used.)

Selection of House Clerks: Employment of House Clerks is handled by the House Supervisor of Clerks under the supervision of the House Principal Clerk. Each committee chairman may choose his own clerk, and each individual Representative may choose his private secretary. Clerks and secretaries are subject to discharge at any time by the Representative whom they serve. If the Representative desires, he may employ the clerk and simply notify the House Supervisor of Clerks who will request the Legislative Services Officer to enter the employee on the payroll. Or, the Representative may notify the House Supervisor of Clerks as to whom he desires to have as clerk, and the Legislative Services Officer will employ that person if she is available. Or, the Representative may request the House Supervisor of Clerks to employ a qualified person as clerk, and the House Supervisor of Clerks will employ and assign the best qualified person available. Clerks generally are employed as of the opening day of the session; clerks to major standing committees may be allowed to begin work at an earlier date, if prior approval is granted by the Speaker.

Two Representatives may agree to share a clerk; if they agree upon the desired person, these Representatives have available the same alternatives as do chairmen and individual Representatives. Otherwise, the House Supervisor of Clerks will employ and assign the best qualified person available. Where two Representatives agree to share a clerk, they may then employ a Joint Research Assistant or Administrative Aide at the same pay rate which a clerk receives.

Selection of Senate Clerks: Employment of Senate Clerks is handled by the Senate Supervisor of Clerks. Each committee chairman may choose his own clerk, and each individual Senator may choose his private secretary. Clerks and secretaries are subject to discharge at any time by the Senator whom they serve. If the Senator desires, he may employ the clerk and simply notify the Senate Supervisor of Clerks who will request the Legislative Services Officer to enter the employee on the payroll. Or, the Senator may notify the Senate Supervisor of Clerks as to whom he desires to have as clerk, and the Legislative Services Officer will employ that person if she is available. Or, the Senator may request the Senate Supervisor of Clerks to employ a qualified person as clerk, and the Senate Supervisor of Clerks will employ and assign the best qualified person available. Clerks generally are employed as of the opening day of the session; clerks to major standing committees may be allowed to begin work at an earlier date, if prior approval is granted by the President Pro Tempore.

Two Senators may agree to share a clerk; if they agree upon the desired person, these Senators have available the same alternatives as do chairmen and individual Senators. Otherwise, the Senate Supervisor of Clerks will employ and assign the best qualified person available. Where two Senators agree to share a clerk, they may then employ a Joint Research Assistant or Administrative Aide at the same pay rate which a clerk receives.

Qualification of Clerks: When a clerk is hired by or at the request of a legislator, that legislator vouches for the employee's competence. When a clerk is hired and assigned by the appropriate Supervisor of Clerks, the employee's competence will be checked by the supervisor.

Pay of Clerks: Employees of the General Assembly are paid according to classifications and schedules adopted by the Legislative Services Commission based on a 40-hour work week. Each clerk, no matter how she is hired, will be classified by the Legislative Services Office and paid according to the appropriate schedule.

Working Hours: The normal working day for committee clerks and members' secretaries is determined by the member based on his/her needs and the 40-hour work schedule. Because the General Assembly does not usually observe holidays during legislative sessions, employees are expected to work on those days also. If the General Assembly does observe holidays, temporary employees are not expected to work and are not paid for the holiday.

Each legislator is responsible for seeing that his/her clerk works the proper number of hours. Each legislator may adjust his/her clerk's work schedule to meet his/her own special needs. The Legislator should realize that if he/she grants special privileges to his/her clerk, others who are not granted such privileges will complain, and a major morale problem will result. If a legislator allows his/her clerk to come in later on Monday, or leave early on Friday, for example, he/she should not call on other staff assistance in the clerk's absence. Any absences should be reported to the Clerk Supervisor so that proper adjustments of pay can be made.

Control and Direction of Clerks: Each legislator has exclusive control and direction of his clerk. No clerk will be assigned any work or duty by any person without the approval of the legislator for whom she works.

The House and Senate Supervisors of Clerks assist in the hiring, assigning, and training of clerks. These supervisors are available to advise clerks as to proper procedures and techniques for handling legislative business.

If a clerk is absent, the legislator concerned should notify the appropriate supervisor and substitute services will be provided. A clerk who knows that she will be absent during scheduled hours should notify the appropriate Supervisor of Clerks in advance. Whenever substitute service is necessary because of the absence of a clerk, the Legislative Services Office is instructed to deduct an appropriate amount from the absentee's salary. Clerks who are eligible to earn sick leave and have accumulated sick leave while employed by the General Assembly may use this leave when absent due to illness. Any substantial deviation from these general rules is subject to approval by the President Pro Tempore of the Senate or the Speaker of the House of Representatives.

General Policies Governing Clerks: In order to minimize morale problems among the clerks and other temporary employees of the General Assembly, the Legislative Services Commission requests that all legislators enforce certain general rules. These rules are discussed with clerks in each house at the beginning of the session by the Supervisor of Clerks, and the Supervisor is directed to call violations to the attention of the clerk concerned; this function is designed to assist, and not to interfere with the legislator's control over his own clerk.

The general rules follow:

1. Working hours are determined by the member with one hour off for lunch. This schedule is subject to variation by the individual legislator, but the total time devoted to legislative service by the employee should be based on 40 hours per week.

2. One of the primary duties of a clerk is to act as receptionist for the legislator served. Clerks should stay in their own office except when moving about in performing their duties.
3. Except at the express direction of the legislator served, clerks should not occupy balcony seats in the legislative chambers during the daily sessions.
4. With the approval of the legislators concerned, clerks may assist each other at times when the workload of one is great, and the workload of another is slight. As there is no longer any secretarial pool to come to the aid of an overburdened clerk, the willingness to assist is encouraged, but only with the approval of all legislators concerned. From time to time the Supervisor of Clerks will seek a legislator's permission to channel work from another source to that legislator's clerk.
5. Due to the varied work schedules required by members, clerks should check with the appropriate Supervisor of Clerks regarding work outside of their work with the General Assembly.

Interim Clerical Services: Members needing clerical assistance while in their legislative office during the interim should contact either the House or Senate Supervisor of Clerks.

MAIL SERVICE AND POSTAGE

The Legislative Mail Rooms are located in Room 2 in the basement of the State Legislative Building and Room 102 in the Legislative Office Building. The service windows in the Mail Rooms are manned from 8:00 a.m. to 5:00 p.m. daily during sessions.

Incoming Mail: The Mail Rooms are equipped with post office type mailboxes, one of which is assigned to each legislator. Incoming mail is not delivered to individual offices but is placed in the legislator's box. Once permanent office assignments have been made, legislators will be given the number and combination of their mailbox by the Mail Room Supervisor.

Outgoing Mail: Outgoing mail must be bundled with the Legislator's Postage Authorization slip. This Authorization slip bears the name of the legislator, clerk or secretary, date, number of pieces of mail, and the legislator's assigned postage account number. Outgoing mail may be deposited in the Mail Rooms or in collection centers maintained in Room 2125 and in Room 2225 on the second floor of the State Legislative Building. Outgoing mail must be in the Mail Rooms no later than 4:00 p.m. in order to be posted the same day. Large mailings should be in the Mail Room earlier. Mailings received later than 4:00 p.m. will be processed the next workday.

Legislators and State Agencies may have printed materials placed in legislators' mailboxes; however, each piece of the material must either be in an envelope with the sender's name on it, or the individual material must identify the sending source.

Postage: Postage on outgoing official mail is paid from General Assembly funds. A postage meter interfaced to an electronic accounting system is used. Each legislator is allowed a combined total of \$1500 for the two-year term for long-distance telephone charges, faxes, and postage used for member's official legislative business. There is no limit on the number of pieces mailed or cost per piece; however, once a member has used his combined allowance for his two-year term, the Disbursing Office will begin billing him for postage. Allowances not used are not transferable to another legislator's account and are not transferable to a member's next two-year term upon reelection.

Personal mail of both the legislator and his clerk or secretary should be stamped. Stamps may be purchased at the service window at the Mail Rooms.

When an unstamped envelope bearing a legislator's name and accompanied by an Authorization slip is deposited in one of the collection locations for outgoing mail, the legislator thereby certifies that the envelope contains official legislative business.

Returned Mail: A substantial number of letters are returned to the Mail Rooms by the United States Post Office, frequently marked "Address Unknown", or with some similar notation. This mail will be returned to the sender by placing it in his box. Returned mail will be opened to identify sender if sender is not identified on the envelope.

Registered Mail and Certified Mail: By arrangement with the United States Post Office, the Mail Rooms pick up registered and certified mail. A notice of such mail is placed in the legislator's box and delivery is made at the service window.

Interim Mail: Between sessions, first-class mail is forwarded to legislators' home addresses. Other mail is placed in the individual legislator's Mail Room mailbox to be picked up by the legislator whenever he/she happens to be in Raleigh.

Interim Postage: Legislators are expected to use their combined postage and long-distance telephone allowance to pay postage for any individual mailings during an interim period. Clerks for interim legislative committees who prepare mailings from Raleigh will transmit the material to the Mail Rooms where it will be processed through a postage meter and charged to the appropriate committee account.

Express Mail Service: Legislators on occasion request materials be sent to them by staff via Federal Express, UPS, United States Postal Service (USPS) Express Mail, etc., in order to insure next-day delivery. Materials can be mailed in this manner; however, legislators will be billed by the Disbursing Office for the costs incurred for expedited mail. Charges for express mailing cannot be charged to a legislators telephone/postage allowance unless the USPS Express Mail service is used.

TELEPHONE

Each legislator has a private telephone with an assigned telephone number(s) on his desk in his legislative office. In addition, during the session Southern Bell maintains a telephone switchboard center located on the first floor of Room 1401 in the State Legislative Building. The telephone number of this center is (919) 733-4111. The center is operated during normal business hours. Incoming calls to the center number reach a switchboard which will ring the legislator's office and will take and deliver messages if the office telephone does not answer. Calls to the legislator's individual private number do not go through the telephone center switchboard.

Local Service: The charges for local service to the individual legislator's office telephone are paid by the General Assembly. This service is provided on a continuing basis throughout the biennial session.

Long-Distance Service: Each legislator's office telephone is connected to the State Telephone Network (STN). Long-distance rates for calls made over this network are about 40% of the regular commercial rate for the average in-State long-distance call. The STN rate is the same for calls to all points in North Carolina, regardless of the distance from Raleigh. Thus, it is possible to give each legislator the identical long-distance allowance and thereby assure that each has available the same long-distance time at the expense of the General Assembly. Each legislator is allowed a combined total of \$1500 for the two-year term for long-distance telephone charges, faxes, and postage used for member's official legislative business. All long-distance calls made from a member's Legislative Building/Legislative Office Building office phone, calls made using the State Network Credit Card, and all faxes sent from a General Assembly fax machine will be charged against the allowance. Members exceeding the combined allowance will be billed for the amount over the allowance. Allowances not used are not transferable to another legislator's account and are not transferable to a member's next two-year term upon reelection. The Legislative Services Officer has been directed not to make such transfers, and the Legislative Services Commission requests that legislators not apply for such transfers. Long-distance bills are paid in the first instance by the General Services Division of the Department of Administration. The Legislative Services Office then reimburses the General Services Division and sends to each legislator a monthly statement showing calls made on his phone and the charges made against his allowance. If the legislator does not exceed his combined allowance for his two-year term, the account is closed at the end of the year and the legislator owes nothing. If the charges exceed the combined long-distance telephone and postage allowance, the Services Office bills the legislator for the excess. In using the State Telephone Network, certain important points should be kept in mind.

1. STN billing is different from ordinary commercial WATS line billing. All calls on STN are billed to the calling phone. If a legislator allows his office phone to be used for any long distance calls except on his legislative business, the legislator's allowance for business purposes is reduced accordingly. The idea that this is a WATS line, and that it makes no difference how many calls are made over it, is erroneous.
2. A legislator may make long-distance calls from his hotel room or other location and may charge the calls to his office phone, but the charges for such calls will be made by the telephone company at the regular commercial rate and not at the reduced STN rate.

3. The reduced STN rate is possible because the Department of Administration leases only as many long-distance lines as are necessary to give reasonably adequate service at peak hours without having a great many idle lines during periods of minimal use. Use by the permanent agencies of State government follows a predictable and relatively even pattern. Legislative-use patterns are more variable and less predictable. Normal peak hours of the existing STN pattern occur between 9:00 and 11:30 a.m. and between 2:00 and 4:00 p.m. If temporary inconvenience caused by peak period overload of the STN develops, legislators can cooperate in reducing the problem by placing their calls, when possible, outside these peak hours.

Telephone Services During Interim Periods: The telephone in an individual legislator's private office remains connected while the General Assembly is not in session. The charge for local services is paid by the General Assembly. Long-distance calls made by the legislator from his office telephone during these interim periods will be charged against the legislator's long-distance telephone allowance.

Calls to State Offices in Raleigh from Legislator's Home Area: Each legislator is issued a State Telephone Network (STN) card which allows him the advantage of the low STN long-distance rates when calling anywhere in the continental United States. All charges made on the STN card will be charged against the legislator's combined postage and long-distance telephone allowance. In order to use this service the legislator must follow the instructions printed on the STN card. The legislator should not dial the regular long-distance operator; attempts to use the STN card through regular commercial long-distance procedures will fail. There are a few areas of the State in which the STN card service is not yet available; but the service is being constantly expanded, and it will soon be available in the few legislators' home areas not currently served.

Excessive Use of STN, Computer, or Other State Equipment for Personal and Business Reasons: From the Legislative Ethical Principles and Guidelines adopted by the Legislative Ethics Committee, "It is inappropriate to excessively use the State Telephone Network, the legislative computer system and any other State equipment for personal and business reasons. These services and this equipment shall be used for legislative purposes rather than personal and business purposes."

Additional Non-State Telephone Lines: A member may choose to have a private line installed so as to assure the proper use of the State Telephone Network.

If an additional non-State line is desired, contact Mike Minschew, Building Superintendent (733-0072).

Call Forwarding: Each legislative member's State telephone line in their legislative office is equipped with Call Forwarding. You may Call Forward this line anywhere in the State.

Regarding long-distance charges for Call Forwarding, the caller is responsible for the charge, if long distance, from the location of the call to the member's office. However, the member is responsible for the charge if the line is forwarded to a long-distance location. The charge will be charged against the legislator's long-distance telephone allowance. For further information on this option, call Jean Eury at 733-3321.

Voice Mail: A central voice mail service is provided for General Assembly Members through the telephone system. This voice mail service serves as a telephone answering system in legislators offices. Call Jean Eury 733-3321 for information regarding voice mail.

LETTERHEAD/ENVELOPE ALLOWANCE

Each legislator will be provided with up to 8,000 pieces of letterhead and/or envelopes at State expense (any combination of letterhead and envelopes). This allotment is for the full two-year term. If a legislator requires more than the allotment, the Legislative Services Office will order additional stationery and will bill the legislator for the excess. Stationery may be any combination of bond and onionskin letterheads requested by the legislator.

When new legislators arrive at the beginning of the session they are provided with 500 sheets of bond letterhead bearing the Senate or House designation and the legislator's name, district, and home address. Envelopes showing Senate or House designation and the legislator's name are also provided.

As soon as committee appointments have been completed, each legislator should have his clerk prepare the letterhead and envelope template and e-mail it to Peggy Telfair in the Disbursing Office showing Senate or House designation, legislator's district and home address, and committee assignments. The Disbursing Office will then order letterhead and envelopes. Further orders for stationery will be placed upon request of the legislator. Requests may be made directly by e-mail to the Disbursing Office in Room 5 of the State Legislative Building.

The North Carolina General Assembly does not furnish engraved letterhead.

The following ethical principles and guidelines, issued by the Legislative Ethics Committee, relate to mailing privileges and use of official legislative stationery:

- A legislator shall not use his mailing privileges to mail personal or non-legislative business related correspondence.
- It is inappropriate for any legislator to use or allow another to use his official legislative stationery, paid for by the State, for soliciting campaign contributions to or thanking contributors to the legislator's political campaign. A legislator may use a facsimile of the legislator's official legislative stationery in soliciting campaign contributions or thanking contributors to the legislator's political campaign as permitted in the next paragraph.
- When a legislator uses a facsimile of his or her stationery for non-legislative purposes not prohibited under these principles or guidelines, the facsimile shall bear a clear disclaimer indicating that the stationery was not printed or mailed at State expense.

Letterhead and/or envelopes ordered through the Disbursing Office cannot be ordered bearing the "not printed at government expense" disclaimer although the legislator may desire to pay for the letterhead and/or envelopes. Because the letterhead/envelopes are printed at a much cheaper cost than would be charged in the open market, the disclaimer would not, in fact, be a true statement. Legislators are requested to purchase any letterhead/envelopes bearing "not printed at government expense" from a private vendor.

BUSINESS CARDS

Each member of the General Assembly will be provided with up to 1,000 business cards for the full two-year term. If more business cards are required, additional will be ordered and the member will be billed. Contact the Disbursing Office for information concerning the ordering of business cards.

FACSIMILE MACHINES (FAX)

There are two FAX machines for use by General Assembly members. Actual long-distance telephone charges for the use of the FAX machines will be charged to the using member's telephone/postage allowance. A legislator or his secretary should be present at the time of transmission to receive a confirmation of the transmission.

The FAX machines' locations and receiving numbers are:

Room 109 Legislative Office Building, 919-733-3113

Room 7 Legislative Building, 919-733-2599

(located in Room 1430 during the interim)

If a member receives documents over the FAX, there is no charge; and the member will be notified of the receipt of the document.

FAXING USING PERSONAL COMPUTER

Beginning with the 1997 Session you will be able to send and receive faxes at your desk via your personal computer. Note that you can only send documents that are in electronic format--that is documents that are created on your personal computer .

To receive a fax at your desk, direct the sender to send the fax to (919) 715-7586. The fax will be received at a central routing desk and forwarded on to your computer. You will be notified on your computer screen that a fax has been received at your desktop. (Remind the sender that your name must be on the cover page for the fax to be routed to you.)

To send a fax from your desk, simply print the document to the fax printer that has been installed on your computer. For example: If the document is created in WORD, go FILE->PRINT (or CTRL P) and choose the Object-FAX printer from the drop down menu. Sending your document to this "printer" automatically initiates the request. A screen will pop up where you can fill out the necessary information for faxing the document.

More detailed information is available in the NCGA documents folder accessible from your computer desktop *or* the help desk (715-7825) can answer any questions you may have.

Documents that are not on your PC must be sent out using the fax machines located in the Legislative Building and Legislative Office Building. These fax machines will also continue to receive faxes. The numbers are: Legislative Building 733-2599, Legislative Office Building 733-3113 .

DICTATING EQUIPMENT

Every legislator who desires it will be provided with dictating equipment by calling Hurley Young, Inventory Control Clerk, (Telephone 733-2170). Dictating equipment should not be removed from the legislative buildings.

PRINT SHOP AND COPYING MACHINES

The Legislative Print Shop is located in Room 107 of the Legislative Office Building. Legislators and their clerks should use the Print Shop when 30 or more copies are required. The Print Shop should be used for copying official legislative materials only (no personal printing, i.e. letters to constituents, newsletters, invitations, etc.).

For less than 30 copies, legislators and their clerks should use the copying machines located in Room 618 in the Legislative Office Building or on the second floor of the State Legislative Building. Operators are there to assist you.

Copies for the public are made at a cost of 10 cents per page.

COMPUTER SERVICES

The Information Systems Division (ISD) of the Legislative Services Office, is located in Room 400 of the Legislative Office Building and can be reached by dialing (919) 733-6834. Don Fulford is the Division Director. Eighteen permanent staff people support the computer hardware, software and connecting network, as well as provide application support, train and assist users, and manage the various databases that make up the legislative system. Additional temporary staff is brought in during session to assist in these areas.

Software training and support is provided in the following areas: Bill Typing and Research; Bill Status Tracking; Office Automation; Data Base Management (Fiscal and Non-fiscal); connection to the State Computer Center and State Accounting Systems; Redistricting; and access to the Internet.

The 1994 General Assembly authorized the study and implementation of a new information technology infrastructure and a comprehensive system to draft and track legislation from conception through ratification. The new legislative system, LegisLink, was designed and is being written specifically for the North Carolina General Assembly by Xerox/XLink who were competitively chosen to provide the new legislative system. Personal Computers and Office automation software was installed prior to the short session of 1996. LegisLink will be installed after the 1998 session.

The Microsoft Office Suite forms the backbone of the new legislative system. Its office automation products include WORD for word processing, EXCHANGE for electronic mail (both inside and outside the legislature), EXCEL for spreadsheets, PowerPoint for preparation of presentations and graphs and SCHEDULE+ for time management. Access to the Internet is also available from the personal computer. ISD supports a NC General Assembly Home Page. Status of bills, general legislative information is available on the homepage as well as a profile of each member. Please contact Kelly Stallings, (919) 733-6834, if you have questions or need to make corrections or additions to the information provided. The web site address is: <http://www.ncga.state.nc.us>.

An electronic mail address is also provided for each Member and staff person of the General Assembly. That address is: you computer sign-on name followed by '@ms.ncga.state.nc.us'. For example, Don Fulford's e-mail address is: donf@ms.ncga.sc.us.

Members have several choices to help manage their information needs: no computer relying on their clerk for their computer needs, a desktop computer, or a laptop personal computer. ISD will offer training throughout the Session for members and staff on the basic use of the Personal computer, office automation tools, the Internet, and the legislative system. Please contact Peter Capriglione, Operations Manager, at (919) 733-6834 if you would like more information about acquiring a personal computer or a laptop to use in or away from your office to connect to the Legislative Data Network.

BILL DRAFTING

Bill Drafting Division: The Bill Drafting Division of the Legislative Services Office is located in Room 401 on the fourth floor of the Legislative Office Building. The Division is staffed by a Director (Gerry F. Cohen), eleven staff attorneys, a legislative analyst, and four secretaries. Legislators may present their bill-drafting requests to this office in person or by telephone (733-6660). If the legislator knows which drafter he wishes to talk with, he may call for that person. Otherwise, the secretary will refer the legislator to the drafter who specializes in the field affected by the requested draft. When all staff attorneys are temporarily occupied, the secretary will take the request and transmit it to the appropriate drafter as promptly as possible. Drafting requests and bills drafted are confidential within the Bill Drafting Division Office until the sponsoring legislator releases them. The enrolling office, which prepares enacted legislation for signature by the presiding officers, is located within the Bill Drafting Division. The Bill Typing and Proofreading Sections are also administratively under the Bill Drafting Division.

Research Division: The Research Division of the Legislative Services Office provides staffing support (broad range of legal and nonfiscal research, and drafting and redrafting of amendments and committee substitutes) to selected standing committees on a regular basis and, where requested, to conference committees. The Division also provides, subject to availability of personnel, a significant amount of initial drafting of bills where the subject matter concerns legislative procedure or internal legislative operations (creation of interim legislative study commissions and committees, modification of House or Senate rules, etc.) or other matters within the expertise of individual staff members. Drafting requests in these areas may be presented to the Director of Research (Terrence D. Sullivan, Room 545, Legislative Office Building; Phone: 733-2578). Research and drafting requests made to Research Division personnel are kept confidential under the provisions of the law on confidentiality of legislative communications.

Other Bill Drafting Sources

Attorney General's Drafting Division: A legislator who has a bill to be drafted may present his request to the Attorney General's Drafting Office (Floyd M. Lewis, Revisor of Statutes and Assistant Attorney General, Raney Building, 104 Fayetteville St. Mall; Phone: 733-6026). A member of the Attorney General's staff will discuss the matter with the legislator, and a bill will be drafted.

Normally, a legislator should use the services of the Bill Drafting Division, Research Division, or the Attorney General's Office for bill drafting. There is, however, no requirement that all bills be drafted by those offices. The legislator may do his own drafting, or he may turn to any other competent source.

BILL PROCESSING

Preparation of Copies for Introduction: The drafter provides the legislator with one or more copies of the finished bill draft. Sometimes these copies are not yet in the format required for introduction. In 1969 a computerized bill processing and printing system was first installed, and copies from computer-produced printouts are now delivered to the legislator for use as introduced copies. After approval of the draft by the legislator, the drafter will forward a copy to the Computer Input Center (Room 104 on the first floor of the Legislative Office Building) for handling by the Legislative Text Storage/Bill Processing System. If the bill is drafted by anyone other than legislative staff members or the Attorney General's Office, the legislator must send the copy to the Computer Input Center in Room 104 although legislative staff are available to review and comment on outside drafts. The bill is put into computer storage and proofread, and a corrected print is obtained. Forty-five copies of the print for House bills and 65 copies of the print for Senate bills are reproduced in the Printing Room (Room 107 on the first floor of the Legislative Office Building). The copies bear a large "D" in the upper right-hand corner to denote that the bill is a draft copy. An official bill jacket is prepared and affixed to one of the copies. All of these copies are placed in an envelope and delivered to the sponsoring legislator through the office of the Principal Clerk of the appropriate house; or on request, the Computer Input Center will deliver bills directly to the sponsor. At this point, the text of the bill is still confidential insofar as the legislative staff is concerned. Only the operator who inputs the bill can retrieve it from computer storage at this point, and computer operators, proofreaders, and printers are constantly cautioned and checked to make certain that the sponsor's confidence is not violated.

Introduction: Under the Senate and House rules, a bill is filed with the Principal Clerk's Office and given a number. In the House this filing constitutes introduction. On the next legislative day, the bill receives its first reading on the floor of the House. In the Senate the bill's presentation to the Senate is its introduction. The bill is given a number and is normally referred to a committee. The bill number, date of introduction, and committee reference are input into computer storage; and a new print with a large figure "1" in the upper right-hand corner of the first page is produced. A copy of this print is placed in the bill notebook of every legislator, and additional copies are available from the Printed Bills Office in Room 1430 of the State Legislative Building.

Amendments: As bills are amended in the house of origin, new engrossed prints are produced and distributed. Subsequent prints bear the figure "2", "3", etc., in the upper right-hand corner of the first page for easy distinction from earlier prints.

If a bill passes the house of origin, all amendments are routinely engrossed in a new print before the bill is sent to the other house. If the bill is amended in the second house, the amendments are not engrossed, except for some amendments to committee substitutes of the second house, as the bill must be returned to the house of origin for approval, not of the basic text, but solely of the amendments adopted by the second house.

If the house of origin concurs in the amendments, the bill is sent to the Enrolling Office.

Conference Committee Reports: If the house of origin fails to concur in the amendments approved by the other house, a conference committee is usually appointed to try to resolve the differences. This committee reports back to both houses a recommended text without amendment. If the report is adopted in both houses, the bill is sent

to the Enrolling Office. If the conferees fail to agree, new conferees may be appointed; and the conference process is repeated. However, if either house refuses to adopt the report of its conferees, no new conferees may be appointed.

Enrollment and Ratification: The Legislative Services Officer or his designee serves as Enrolling Clerk to the General Assembly. Bills for enrollment are sent to the Assistant Enrolling Clerk who checks the text for accuracy and then turns the copy over to the Computer Center. The Computer Center obtains a clean print of the final text. This print, called the enrolled bill, is submitted to the two presiding officers for their signatures. The signing of the enrolled bill by the presiding officers is the act of ratification. The signed copy is then transmitted by the enrolling office to the Governor, or filed directly with the Secretary of State depending on whether or not the Governor's signature is required.

Identification and Status of Introduced Bills: Members of the General Assembly and staff, and the public, have easy access to complete information on the identification, status, and legislative history of all current legislation being considered by the General Assembly. Any interested person may get information on the status of current legislation from the Bill Status (Video) System by calling, writing, or visiting the Bill Status Desk in the Legislative Library (Phone 919/733-7779; Room 2226 of the State Legislative Building).

Public terminals to access the status of bills are also located in the Printed Bills Office (Room 1430), the Legislative Office Building Library (Room 500 LOB), and the Automated Systems Division (Room 400 LOB).

DISTRIBUTION OF PRINTED BILLS

Desk Copies: As soon as a bill is introduced, a printing is ordered and is available the next morning. Copies of every new bill are collected each morning for each legislator by the Bill Distribution Center in Room 105 on the first floor of the Legislative Office Building. Each House secretary must pick up copies for her legislator and place the bills in the legislator's chamber notebooks. The Senate Sergeant-at-Arms will deliver bills to each Senator's office, and a daily bill notebook should be prepared by the secretary. If a House member desires an office file, he should notify the Bill Distribution Center in Room 105 of the Legislative Office Building, and the Bill Distribution Center will prepare for that member two sets of bills daily; the House member's secretary will maintain the bill books in both the chamber and the legislator's office.

Bills for Committee Use: A committee chairman may obtain such copies of bills as his committee needs by sending his clerk to the Printed Bills Room (Room 1430). To avoid last-minute congestion, clerks are urged to obtain committee copies of bills on the day following reference to committee and should hold them for later committee use.

Additional Copies for Individual Legislators: A legislator may obtain up to 50 additional copies of any bill for distribution to his constituents. If he requires a greater number, they will be provided to him; and he will be billed for their actual cost.

Copies to Private Citizens: Any person may obtain one free copy of any current bill by requesting it to the Printed Bills Room. Additional copies may be obtained at a cost of 10 cents per page. The Printed Bills Room will mail one free copy of any bill to any citizen who requests it.

The Legislative Services Officer has been instructed not to provide complete sets of all bills to private citizens or organizations.

Copies to State Agencies and Institutions: Any State office, agency, or institution will be supplied with three free copies of any bill in which the office has a particular interest. The Legislative Services Officer has been instructed not to provide complete sets of all bills - several thousand per session - to State offices. State offices that require more than three copies of any bill may obtain them at cost.
